

LIV BEC

Liv Bec - a band that makes music like a breakup text and a Molotov cocktail. Explosive, catchy, haunting—equal parts chaos and catharsis. It's the kind of rock that doesn't ask for permission. It just shows up, kicks the door in, and dares you to feel something.

EASY! Is about the girl every guy wants. She doesn't care if you make racist, homophobic, sexist jokes. She doesn't care that you voted against her rights in the last election. She has no problems whatsoever. She's there when you want her, and disappears when you don't. She doesn't take herself too seriously. She has no set boundaries. She's so cool, she's so easy! Don't you wish you could be her?
